

FACULTY POSITION IN EXPERIMENTAL PARTICLE PHYSICS
UNIVERSITY OF CALIFORNIA, SAN DIEGO

The Department of Physics at the University of California, San Diego invites applications for a faculty position in experimental particle physics at the tenure track assistant professor level, starting November 1, 2006. Outstanding applicants at the associate or full professor level will also be considered in exceptional cases. The present effort in particle physics experiment includes major involvement in the BaBar, CDF and CMS experiments. Information about the activities of the particle physics group is available at <http://hep.ucsd.edu>. Applicants should have a Ph.D. in physics and an outstanding record of research accomplishment. Applicants should have ability and strong interest in undergraduate and graduate instruction. The appointee is expected to establish a research program and to participate in the educational programs and other activities of the Department. Salary will be commensurate with experience and qualifications, based on University of California pay scales. An application consisting of curriculum vitae, list of publications and a statement of research interests should be sent to: Faculty Search Committee – Particle Physics Experiment, Department of Physics PPU0354, University of California, San Diego, 9500 Gilman Drive, La Jolla, CA 92093-0354. The application material (in PDF format) can also be sent by e-mail to ppefac@physics.ucsd.edu. Candidates should arrange for three letters of reference to be sent to the above address. Review of applications will begin on January 23, 2006, and continue until the position is filled. *UCSD is an equal opportunity/affirmative action employer with a strong institutional commitment to excellence through diversity.*
